^{xi} None of the Communities met with as of June 30, 1999 have a means of accurately determining the number of citizens trained in CPR. Some representatives attempted to estimate the number of training programs offered in the community, providing a rough estimate of citizens trained in CPR.

^{xii} Few communities had problems with the streets being properly identified. The common problems were citizens refusing to properly number their homes.

^{xiii} East Lyme First Responders are not certified by the State of Connecticut Department of Public Health.

^{xiv} SAED level service provided by East Lyme Fire Departments is not authorized by the State of Connecticut Department of Public Health

^{xv} Three Fire Districts in Groton do not provide SAED level service.

^{xvi} Lisbon First Responders are not certified by the State of Connecticut Department of Public Health.

^{xvii} SAED level service provided by the Lisbon Fire Department is not authorized by the State of Connecticut Department of Public Health at the First Responder level.

^{xviii} Emergency Medical Dispatch is provided by American Ambulance Service, excluding the Occum Section.
